

'sker,-is\

n. a short (in height) perceptive woman with strong design skills; someone who demands to live life to its fullest.

NOTES:

Every agency looks for something different. This page only shows a slice of who I am. I have highlighted what I think is most important. Please feel free to contact me at any time if you would like to chat with me or if you want to speak with someone who has worked with me—

I look forward to hearing from you.
